## SCHMITZMIX CONCRETE PROJECT GALLERIES

### Colored-Stamped Patio

Colored-stamped concrete is a beautiful and efficient way to extend your home's living space.

This beautiful concrete patio includes areas for sitting, grilling, eating, and entertaining, a four-season, backyard family room that helps the homeowners reconnect with nature, guests, and family members. Color, texture, and an array of stamp pattern options allows homeowners and their landscape architects and concrete contractors to "create unique rooms without walls."
